

The Alcohol, Tobacco and other Drugs Council (ATDC) Tas Inc is pleased to announce **ATDC 2012 Challenging Conversations: Creating an inclusive system**, to be held in Hobart on 15 & 16 May, 2012.

The conference is an exciting opportunity for those working in the Alcohol, Tobacco and other Drugs (ATOD) and related sectors to engage in conversations that challenge the way we think about our industry and provide our services.

The conference will address challenges and opportunities in the following areas:

- Providing clinical and community care
- Creating effective collaborative networks
- Expanding workforce development
- Managing sustainable organisations
- Embedding consumer choice as a tenet of policy and program development

Presenters will share their expertise through plenary, interactive and participatory presentations and attendees will have an opportunity to contribute to the debate of how to create an inclusive and effective alcohol and other drug service system.

This conference will be of value to attendees from community, public and private settings so we invite you to join us for some challenging and rewarding conversations.
